

A refined blend of luxury, bold flames, and design control

With Town & Country's design flexibility behind the glass, TC36 & TC36 Arch gas fireplaces let you recreate the authentic look of a wood burning hearth – or the aesthetic of modern luxury.

For a historic look, consider the TC36 Arch, a classic barrel arch face, replicating the Rumford-style hearth found in fine period homes. This true Arch fireplace has no heavy external trim or louvers to work around. This allows you to tailor the arched front with stone, tile, or other material for an even more traditional setting.
